

# GRANT EXPERIENCE

SCOUT Grant Consulting comprises a dynamic team of skilled grant writers, project managers, business strategists, and nonprofit funding experts. Our track record in environmental and climate science-focused grant applications encompasses a wide range of sectors, including:

- **National Science Foundation** Small Business Innovation Research (SBIR) Grants
- **Department of Energy**, Office of Clean Energy Demonstrations: Industrial Decarbonization and Emissions Reduction Demonstration-to-Deployment
- **Department of Commerce**, Economic Development Administration: FY 2023 Distressed Area Recompete Pilot Program
- **Department of Labor**, Employment and Training Administration: Strengthening Community College 4 Training Grant
- **U.S Department of Agriculture**: Fertilizer Production Expansion Program (FPEP), Specialty Crops Grant Program, Sustainable Agriculture Research and Education
- **Department of Energy** Grid Resilience and Innovation Partnerships (GRIP)
- **Department of Transportation** MPDG

Some of SCOUT's wins include **\$4 million in Department of Health** funding for environmental health, **\$1.3 million from the Department of Housing and Urban Development** to enhance air quality in rural Alaskan housing, and **\$250,000 in Science Technology funding from the National Oceanic and Atmospheric Administration** .
